of Australia

## Global Economic Challenges:

### Climate, Social Change and the Undermining of Trust

ACE 2026 will cover a full range of topical economic issues. It is targeted at economists in academe, government and business and will cover:

- climate change and other environmental externalities
- challenges in social policy
- misinformation, the undermining of trust and of democracy
- contemporary economic issues such as raising productivity and tax reform.

There will be plenary sessions showcasing international speakers and a wide range of concurrent sessions featuring domestic speakers.

## Confirmed International Speakers:

- Klaus Schmidt – Professor of Economics at Ludwig-Maximilian University of Munich (LMU)
- Muriel Niederle – Professor in the School of Humanities and Sciences, Stanford University
- Alan Auerbach – Robert D. Burch Professor of Economics and Law Director, Robert D. Burch Center for Tax Policy and Public Finance
- Linxiu Zhang – Director, UNEP-International Ecosystem Management Partnership (UNEP-IEMP).
